

In the world of antifouling, Hydrocoat is a breath of fresh air.

**The Hydrocoat family is
the clean, bright future of antifouling.**

Harmful VOCs have been significantly reduced, there's no nasty solvent odor, no toxic fumes, no volatile solvent mess to clean up. Yet for all its user-friendliness, the Hydrocoats deliver the highest levels of fouling and slime protection.

**Better protection than premium priced,
solvent-based antifoulings.**

Hydrocoat antifoulings are the most advanced, high performance, multi-season ablatives and are formulated to resist even the extreme fouling conditions of the tropics. Powerful as they are, everything cleans up easily with plain soap and water; brushes, rollers, rags, clothing, the dog... you.

**This is the one perfect antifouling
choice for all boats.**

Hydrocoat goes over anything; any bottom paint, any substrate, any underwater metal and it meets or exceeds all current and future, local and state environmental regulation. The fact is; Hydrocoat takes the wind out of the argument for using any other antifouling.

Hydrocoat is the future.

HYDROCOAT
*The World's Best Selling
Multi-Season,
Water-Based Ablative*

HYDROCOAT SR
*The World's Best Selling
Dual-Biocide,
Water-Based Ablative*
