

GREAT FINISHES START WITH EZPREP.

Clean. Prime. Paint. It's that EZ.

Pettit EZPrep removes wax, grease, mold release agents, and surface contaminants while preparing bare fiberglass for painting. Whether you're painting above or below the waterline, a great finish starts with proper preparation.

ABOVE THE WATERLINE

PREP: PETTIT EZPREP

PRIME: PETTIT EZPRIME

PAINT: PETTIT EZPOXY
or other compatible Pettit topside finish

BELOW THE WATERLINE

PREP: PETTIT EZPREP

PRIME: PETTIT PROTECT
HIGH BUILD EPOXY PRIMER

PAINT: PETTIT
ANTIFOULING PAINT

Follow individual Pettit product technical data sheets for complete surface preparation, compatibility, application, and overcoating instructions.

DE-WAXES & CLEANS

Removes wax, grease, dirt, and surface contaminants.

PREPARES THE SURFACE

Cleans and etches bare fiberglass for painting.

ZERO VOC

Solvent-free, biodegradable formulation.

VERSATILE APPLICATION

Suitable for fiberglass and aluminum surfaces.

START RIGHT. FINISH STRONG.
